## AGNES ARBER GIN

On 24 May 1948, Agnes Arber became the first woman to receive the gold medal of the Linnean Society, a world-famous institution dedicated to the study of natural history. Born in 1879, Arber achieved excellent academic results throughout her youth, and soon became a historian of botany under the wing of her mentor, plant morphologist Ethel Sargent. By the time of her death in 1960, Arber had published an extensive library of books on both botany and philosophy. It is with an appreciation for Arber's work that we have produced this convergence of nine botanicals distilled together.

The savoury, earthy notes of juniper, coriander, and angelica are complemented by the warm, spicy undertones of cassia; sweet, acidic flavours of lemon, lime, orange and grapefruit combine with an interesting twist of liquorice.

## THE STORY

*from the beginning*

First brewed in Andalucia, Cruzcampo was founded in Seville in 1904 and is showing the saint of brewing Gambrinus on its logo. Cruzcampo took its original name 'La Cruz del Campo' directly from a temple, symbolic to the city, located next to the brewery. Born and grown up in the South of Europe, Cruzcampo has been spreading the positivity and passion characteristics of this region for over 100 years.

## PROVENANCE

*brewed in Seville*

True to its essence since 1904, Cruzcampo is a pilsner-style lager with a blonde straw colour and consistent foam. Cruzcampo is one of Spain's most beloved beers. Cruzcampo has a light, fruity aroma with an air of ripe apple which stands out over its balanced flavour of malty sweetness and soft bitterness. Its light body provides a pleasant mouthfeel which satisfies the palate and makes way for a compelling, bittersweet finish.

## FOOD PAIRING

*matching with your favourite flavours*

Birra Morena is a well balanced beer that complements: red meat, spicy dishes, smoked / cured meat and fried food.

## THE STORY

*from the beginning*

Morena is a 100% pure malt lager from the Drive Beer Brewery in Basilicata, one of only a handful of wholly owned, independent breweries left in Italy. The Tarricone family stakes its honour on the highly selective use of only the best super-aromatic hops, which provide a crisp, refreshing array of flavours including vanilla and cloves with resolute barley notes.

**The story so far...**

Grand Central beers are brought to you by the skill and dedication of two respected UK craft brewers, namely ShinDigger Brewing Co. and William Bros. Brewing Co.

ShinDigger was born during their university years and roam the country as "gypsy" brewers. William Bros. are an established craft brewer based in the traditional Scottish brewing town of Alloa.

**Grand Central IPA is brought to you with the assistance of ShinDigger Brewing Co.**

ShinDigger was born during the university years of founders Paul and George who invested their spare cash into a home-brewing kit and sold their beers at house parties. Utilising hops primarily from the American West Coast, Australia and New Zealand, the ShinDigger gang roam the country as self-proclaimed gypsy brewers, developing their own recipes and brewing them with others' equipment.

**Grand Central IPL arrived with us from the William Bros. Brewing Co.**

Williams Bros. Brewing Co. is located in Alloa, Clackmannanshire and is one of Scotland's largest independent breweries, hailing from a town once considered the country's 'beer capital'. Having humbly begun with the experimental home brewing of a 4000-year-old recipe, the Williams Bros. Brewhouse has developed organically to accommodate an ever-growing portfolio of craft beers. Above all else, they take great joy in the development of new ideas and flavours.

## APPLESHED

*the story so far*

Appleshed Premium Cider is fermented from apples grown in fertile orchards that shelter beneath the Malvern Hills in the heart of Herefordshire. Appleshed is full of flavour and made with specially selected apples which provide this crafted medium-dry cider with a smooth and refreshing taste.

Appleshed Dark Fruits is made in Herefordshire in the heart of cider country. The cider is made from over 12 varieties of hand-picked apples for a clean, crisp taste and is blended with natural extracts of blackberry, raspberry and strawberry, all combining to create a refreshingly mouth-watering cider that is fruity but not too sweet. Our cider is suitable for Vegans, Vegetarians and Coeliacs.

## FOOD PAIRING

*matching with your favourite flavours*

Appleshed is a light, fruity cider that pairs well with smoked and cured meats, cheese, seafood and roast chicken. Dark fruits is best paired with spicy foods, such as curry and Cajun chicken and can be enjoyed any time of year.

# GUIDE TO GETTING

## WHAT'S HAPPENING?

### SOFT DRINKS LEVY 2018

In 2018 the government will introduce a new soft drinks industry levy.

The levy will apply to producers and importers of soft drinks containing added sugar, and will be implemented on 6<sup>th</sup> April 2018.

## HOW DOES IT WORK?

## WHY DOES IT MATTER TO YOU?

For example if your outlet is selling 100 litres per week of full rate levy products, the annual soft drinks cost increase would be £1,248 from April 2018.

We would recommend you consider the cost impact to your business.
