# CLEARWATER BREWERY

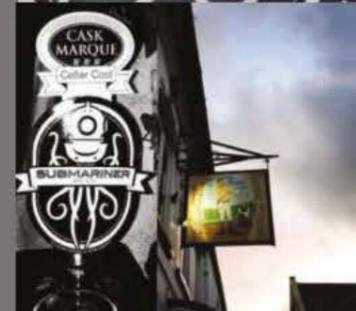

Clearwater has teamed up with the all British underground surf label Submariner to create a unique beer.

Submariner Ale is a perfectly formed lighter ale ABV 4.2%. "Submariner" has a sumptuous aroma, rounded out with toasted sugars. Poured into the glass the beer reveals an oak honey tone, and its nose develops to encompass tart apple freshness and some light malt wisps. The first taste delivers a primarily citrusy edge, but extends to touch upon delicate hop tannins, finishing with a faintly smokey air.

Submariner is extremely drinkable, and - after a deceptively light start - unturls layers of evocative flavour and heady pastoral undercurrents. A beer that will be at home in the very finest of CAMRA establishments.

Clearwater Brewery based in Bideford, Devon takes its name from the purity of the local water supply that forms an integral part of each tantalising mouthful of beer.

From small beginnings the company used carefully selected recipes to build a local following and a well-earned reputation for delicious and characterful ales. Clearwater's reputation and its beers have gradually grown throughout the south west region and it has now arrived in London.

# TAVY ALES

Premium handcrafted small batch beers  
- produced through a combination of traditional and modern brewing techniques -  
using quality local ingredients.

Our 6 Brewers' Barrel Microbrewery is lucky enough to be placed on the edge of Dartmoor, close to Lopwell Dam on the River Tavy, so we are spoilt with the quality of ingredients that the local area has on offer. However, our location comes with a responsibility, and at Tavy Ales we value the importance of sustainability and ties to the local community. All of our spent grain is taken to a local farm for animal feed, and in this way we hope to reduce our waste and limit our impact on the environment.

# WOLF ROCK®

Enticing RED IPA

## Respect THE WOLF

New Sharp's Wolf Rock in keg is brewed with heavyweight hops from the US to give the wonderful aromas and bitterness you'd expect from an IPA with a strong British malt back bone to balance the bitterness.

This exceptional beer takes its name from the menacing Wolf Rock reef and home of the Wolf Rock lighthouse. Located seven nautical miles off Land's End it is named after the eerie howl created as wind forced its way through the rock's weathered granite features. Wolf Rock or "The Wolf" like its namesake should be approached with respect.

## HOPPY CORNISH BEERS AND ALES

OUR AWARD-WINNING ALES USE WHOLE-FLOWER HOPS AND THE FINEST CORNISH INGREDIENTS, ALONG WITH THE SOUTH WEST'S TRAILBLAZING SPIRIT, TO ADD ZEST FOR LIFE INTO EVERY PINT WE BREW.

**HARBOUR**  
BREWING COMPANY  
PREMIUM CRAFT BEER

Founded in February 2012, Harbour apply a progressive and innovative approach in both beer style and brewing technique, whilst honoring traditional and proven methods. Using this approach they produce a range of full flavoured, balanced and creative beers.

The Harbour team approach all our beer design in the same way, drawing on the vast gamete of styles and techniques used worldwide. Then they use this as a foundation to build upon, but that doesn't always mean straying too far from the original, more evolution than revolution.

Harbour strive to strike a balance between bold flavours and drinkability. Beer is, at the end of the day, something to drink and enjoy, not everything needs to be overly challenging or contemplative.

Harbour use spring water direct from the hill side next to the brewery to produce their core range of Light Ale, Amber Ale, IPA, Pale Ale and Pilsner.

Harbour's beers have won numerous regional and national awards and their beers are now sold all over the world, yet they remain a relatively hidden jewel within the South West.
