SHARPS: DOOM BAR (4.0%)

Doom Bar is a perfectly balanced beer combining subtle yet complex flavours. This creates an amber ale which is both satisfying and deliciously moreish.

SHARPS: CORNISH COASTER (3.6%)

The fresh aroma of hops blends seamlessly with light fruity-sweet notes. In the mouth the beer feels succulent and despite its lower gravity delivers a good measure of hoppy bitterness.

DARTMOOR: JAIL ALE (4.8%)

A full-bodied, deep golden brown beer, Jail Ale has a well-rounded flavour and a rich, moreish aftertaste. We're proud to have achieved many top awards with Jail Ale in the Premium Bitter categories at numerous beer festivals.

SHARPS: ORIGINAL (4.4%)

Rich roasted and malty notes are key to the aroma of Original with light hop tones. Full malty sweetness complemented by a good measure of hop bitterness. The sweet and malty finish is lingering but not satiating.

SKINNERS: LUSHINGTONS (4.2%)

Bursting with fruit, within its bittersweet scent you'll pick up lime and mangoes with a little lychee. And its creamy texture contains a slight strawberry finish.

DARTMOOR: LEGEND (4.4%)

A classic cask-conditioned beer: smooth, full-flavoured and balanced, with a crispy malt fruit finish. Legend is golden brown in colour with an aroma of fresh baked bread and a hint of spice.

SHARPS: SEA FURY (5.0%)

Substance and depth of flavour without compromising balance and drinkability. An aroma of inviting roasted and dark berry notes gives way to sumptuous, fruity, malty flavour and a moreish hop finish.

SKINNERS: BETTY STOGS (4.0%)

A light malty aroma, a floral, even cedar taste, and a sharp tang of bitter grapefruit, this is an ale that has the strength of character to take on tasty dishes like stews, hard cheeses and meat-packed pasties.

ST IVES: BOILERS (4.0%)

Golden ale with a balance of bitterness and zest.

SHARPS: ATLANTIC (4.2%)

The aroma of Pale Ale is a blend of stunning citrus notes, juicy tropical fruits and fresh-picked hops with a touch of candy floss. The finish is sweet at first becoming dry and lingering with hop zest.

SKINNERS: PORTHLEVEN (4.8%)

Straw-coloured and zesty, with strong citrus aromas, starting with a zip of lemon and lime in the mouth, and ending with a flash of passion fruit. Brings out the best in spicy food, smoked meats and kebabs.

**DORTMUNDER
UNION**

Das Original

DORTMUNDER UNION

In 1887, a fateful mistake in the Dortmunder Union brewery resulted in a brew of nothing but pale malt. When accidentally shipped to a customer, the light-gold product proved a sensational success. Still Brewed in Germany and shipped to the UK, Dortmunder Union is a genuine, authentic German beer.

Dortmunder Union Pils (4.8%)

A pale pils-like brew, this is the signature of master brewer Fritz Brinkhoff. The same classic pilsner recipe, created in 1887, is still used today and provides a perfect, classic bitter lager balanced with sweet, malty undertones.

Dortmunder Union Vier (4.0%)

A genuine imported German pilsner, Dortmunder, in our opinion, is the best-quality 4% pint in the UK. A pale lager with key influences from Pilsner, gold in colour with a moderate bitterness from the Noble hops, Dortmunder Vier has a lean body, full of character with a beautiful, crisp finish.

CRUZCAMPO

Born in Seville, Cruzcampo has been spreading the positive and passionate vibes of Spanish culture for over 100 years.

First brewed in Andalucia, Cruzcampo was founded in Seville in 1904 and portrays the saint of brewing, Gambrinus, on its logo. Cruzcampo took its original name 'La Cruz del Campo' directly from a temple symbolic to the city, located next to the brewery.

CRUZCAMPO IS ONE OF SPAIN'S MOST BELOVED BEERS.

Tasting Notes

Cruzcampo has a light, fruity aroma with an air of ripe apple which stands out over its balanced flavour of malty sweetness and soft bitterness.

Its light body provides a pleasant mouthfeel which satisfies the palate and makes way for a compelling, bittersweet finish.

FOOD PAIRING matching with your favourite flavours

Pardál is a light, refreshing lager that pairs well with smoked and cured meats, cheese and grilled or barbequed meats. Increase footfall and spend with a simple food and drink matching suggestion.

Pardál

Pardál is a lager, which brings flavours together like an architect creating a village, using the finest of craftsmen. Like any builder knows it will take time. That is why Pardál is matured for 30 days. In fact the total brewing process is 41 days. Every single day helps build flavours. The brewing time is the solid foundation and the maturation period is about letting the beer cultivate and develop just like creating any village.

It requires passion to make great beer. Pardál's brewer, is not an architect, but he has the ability to build friendships through his beer. So grab your friend, go to into the village find a great pub and introduce them to Pardál and enjoy.

A seasonally evolving gin that brings together some of the amazing ingredients that are available throughout the year.

Tiny batch gin distilled on the beautiful island of St Agnes using many unique, home-grown botanicals matched with others from around the world. Gently vapour infused to extract the subtle flavours from these amazing ingredients.

BEST FLAVOURED GIN

"This gin has a strong blueberry flavour that's not too sweet. It has a delicate hint of lime to make it a fresh and enjoyable drink."

Sea Buck tonic is a unique mix of Cornish spring water, infused with quinine-producing cinchona bark and sea buckthorn berries. Inspired by the sea buckthorn growing against the odds on the wind-blown, sea-sprayed dunes of Gwithian – infusing sea buckthorn berries creates a distinctively wild and refined tonic.

Meet the family farm that started a green revolution

Nestled in the hills of Northumberland, Marlish Farm made its living from traditional farming. Tapping into a natural spring on site gave Elizabeth and her cousin Joe the bright idea of bottling the high-quality water to sell and changed the course of their rural farm forever.

Our surroundings are so beautiful, it makes us conscious of the impact we might have; we want to make our output as sustainable as possible.

Joe Evans

The drinks industry is increasingly conscious of its part in the agenda to reduce plastic waste and it's great to see organisations leading the way. The first brand to can water here in the UK, Marlish is committed to making their products and processes as sustainable as possible.

Joe and Elizabeth have created a collection of spring waters, flavoured waters, tonics and mixers that all use water from an underground aquifer, naturally replenished by rain water slowly filtering through the Northumbrian rock strata, to acquire its pure quality and fine taste.

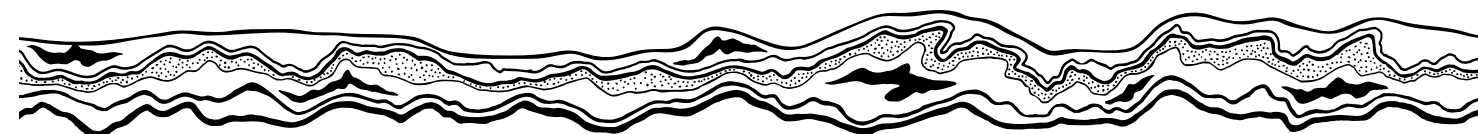

The farm has been in the family for over 80 years and used to run an education programme for children. Now that the farm has diversified, the new enterprise has created much needed jobs in the region and this will continue as the business expands.

Looking out for the local environment and the animals that share their valley is also important, as Elizabeth explains: "We have planted over 5,000 trees to create habitats for wildlife including pheasant, partridge, hare and deer."

They have also installed a solar tracker system to support the manufacturing facility, giving them a sustainable power source for lights, process heating and battery charging.

The efforts to be sustainable have never been at the detriment to quality, however, as Joe explains: "The purity of the water really speaks for itself and the reception to our products by top venues across the UK has made us realise that we have something really special here."
