CHAMPAGNE *Castelnau*

International Women's Day (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. Here, we take a look at Champagne Castelnau where female winemakers have been at the helm together for almost 20 years.

.....

In May 2021, Champagne Castelnau announced a new Chef de Caves, Carine Bailleul, who succeeds Elisabeth Sarcelet in the highly prestigious role. Both women have been working together since 2003.

Carine is from a small village called Dios in the foothills of the rugged Vercors Massif, France. In 2002, she moved to Reims to start her national diploma as an oenologist. Shortly after starting her studies, she worked as an intern at Castelnau: in 2003, Elisabeth Sarcelet offered her a permanent position and her winemaking journey began. This was the start of a 20-year long collaboration and a fruitful working relationship with Elisabeth.

Castelnau has been an integral part of Carine's career development right from the start, training her, and supporting her during all steps that followed. She has steadily made her way up the ladder starting as an oenologist for the harvest, followed by significant stints managing the disgorgement and bottling lines. After this, she became assistant to the winery manager in 2010, before being promoted to the position herself.

Carine is now titled Chef de Caves and succeeds the critically acclaimed Elisabeth Sarcelet, taking on the champagne production at Castelnau. She remains one of just a handful of female Chef de Caves in Champagne.

FOOD & WINE *Pairings*

Chinese New Year is Tuesday 1st February and 2022 represents the Year of the Tiger - an animal that symbolizes strength, power and prosperity in the Chinese zodiac. Food such as dumplings, spring rolls and noodle dishes will be enjoyed throughout the celebrations – but what wines typically pair best with these type of dishes?

Dishes with chilli heat or spice can be notoriously difficult to pair with wines. The heat in spicy food can increase the alcohol burn of wine and heighten the perception of bitterness and acidity.

Lighter reds with less bitter tannin like Pinot Noir and Valpolicella can be the answer, whereas white wines that are lower in alcohol and/or have some sweetness (such as Gewurztraminer and Riesling) work well as that sugar can act as a soothing syrup against the chilli.

ARTHUR METZ GEWURZTRAMINER (ALSACE) £11.19 PER BOTTLE

Aromas of flowers, spices and exotic fruits such as lychee and passion fruit. Rich, full-bodied and well-structured. Lovely length on the palate. To be served as an aperitif or with spicy salads, exotic dishes, chicken, white meats or even desserts.

VINAS DEL VERO GEWURZTRAMINER (SPAIN) £9.58 PER BOTTLE

On the nose it displays clean and distinct floral aromas complemented by notes of tropical, oriental fruit that make it a surprising wine that is very different from standard white wines. It is silky, buttery and clean tasting, with a long finish and, of course, a pleasant persistence. This wine should be served at between 7 and 9°C with all kinds of aperitifs, foie gras, smoked meats, spicy foods and exotic dishes.

WILLOWGLEN GEWURZTRAMINER-RIESLING (AUSTRALIA) £6.95 PER BOTTLE

An intense aromatic wine, with scents of peach, musk and lemon zest. Generous sweet palate balanced by the crisp Riesling. This wine has a light fruitiness that matches well with Asian and spicy foods such as chicken curry and pad Thai.

CYCLES Gladiator

International Women's Day (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. Here, we take a look at Cycles Gladiator whose striking labels were inspired by the suffrage movement.

.....

Cycles Gladiator was founded in 2005 with the mission to create high quality, great tasting wines that are accessible to everyone.

Inspired by the women's suffrage movement, we drew our name from the 19th century French bicycle manufacturer, the Gladiator Company, and honour their iconic art on our wine label.

The red-haired maiden soaring through the sky on her bicycle symbolised the new liberation of women from their homes after centuries of repression. Bicycles, as Susan B. Anthony praised, literally emancipated women from domesticity, allowing them to

travel outside their households to work and vote. Over a century later, this powerful artwork still resonates with wine lovers across the country.

Adam LaZarre, acclaimed and multiple award-winning winemaker, is at the helm, and has been since our beginning. Having lived in Paso Robles for more than twenty years, Adam is extraordinarily connected to his community and the winegrowers in the area. Cycles Gladiator wines continue to benefit from these longstanding viticultural relationships, providing us with access to standout fruit every year.

CYCLES GLADIATOR ZINFANDEL

Aromas of ripe black cherries and chocolate caramel pave the way for the bright, luscious flavours to come. This wine is impeccably balanced, with enough body and richness to satisfy Zin-lovers.

CYCLES GLADIATOR CABERNET SAUVIGNON

Aromas of blackberry jam, cedar, with a hit of cardamom. On the palate, plum enters initially then opens up into a mouthful of black cherry Jolly Ranchers and other dark fruits. Tannins start gracefully enough and become pronounced towards the finish.

CYCLES GLADIATOR CHARDONNAY

Bright aromas of green apple and stone fruits on the nose with a very subtle hint of spice from the oak. Rich and ripe flavours of peach, citrus, and marzipan that roll around the back end of the tongue supported by a solid core of acidity.

CYCLES GLADIATOR PINOT GRIGIO

The wine tantalises with notes of ripe pear and floral aromatics. The palate is equally appealing, with flavours of tart green apple, lemon zest and wild honey.

TO TONIC OR NOT TO TONIC

A Guide to Tonic Pairings

The exponential rise of gin over the last few years has meant a renewed acclaim for its trusty partner-in-crime, tonic water. A classic, easy-drinking mixer for a quintessential gin and tonic, tonic waters have evolved in recent years to include a wide range of innovative flavours, infused botanicals and creative blends.

.....

Tonic water is a carbonated water infused with a dash of quinine, which provides the slight bitterness that tonic is best known for. Tonic ingredients vary by brand but most include natural quinine, citrus peels or oils, botanicals such as lavender or elderflower and sometimes, sweeteners are added.

Though tonic waters are most famously used in combination with a gin to make a classic G+T, they can also be enjoyed individually as a soft drink, as a palate cleanser between food courses and also as a mixer with a wide range of other spirits.

Whilst gin and vodka are the more commonly associated spirits for tonics, they work equally well with cognac, tequila, whiskey and liqueurs. In this article, we take a closer look at the collection of Marlish tonics and mixers and which spirits and brands work well with the range.

Marlish Tonics and Mixers

Marlish is a family-owned spring water-based soft drink producer based on Marlish Farm, Northumberland. Created to enhance and compliment, rather than mask the taste of fine spirits, Marlish tonics and mixers

combine Marlish's traditional spring water with natural flavourings and champagne-like bubbles, to deliver a mixer that lengthens any spirit it is paired with.

Free of sugar, saccharin and aspartame, this unique combination of flavourings promises a naturally light and well-balanced beverage that doesn't compromise on taste, or overpower.

Putting sustainability and goodness at the heart of all that it creates, the range of nine premium traditional and flavoured tonics and mixers have all been lovingly produced and packaged on-site at Marlish Farm in the Northumbrian Hills.

Tapping into the naturally occurring spring water source that has existed on the farm for hundreds of year, all Marlish products use this special, naturally-filtered mineral water as the basis for each drink, before any additional natural fruit extracts are added.

What's in a NAME?

Soho. The home of good times since times began. If times began in the 1950s.

Because that's when this little village became the drinking capital of the capital. Loved by people who know their drinks. And by people who love drinking them.

We're a bit of both.

So at Soho Street Cocktails, we make classic cocktails the way they were intended.

Following the same recipes of the geniuses that invented them. Using the purest, freshest, realest ingredients just like they did. With one tiny twist...We cram all of that magic into recyclable pouches that you can keep in the fridge.

1

PORNSTAR MARTINI

DEAN STREET
PORNSTAR MARTINI

The Pornstar Martini. Here's three reasons why this is the UK's favourite cocktail.

1. It tastes incredible. 2. It feels a bit naughty to say Pornstar in Public. 3. You get a free shot of Prosecco when you order it in a bar.

We've crammed pure Ecuadorian Passion Fruit puree, triple distilled vodka, vanilla and sugar syrup into a recyclable pouch that you can keep in the fridge!

We only use the good stuff, there's no artificial colourings or flavourings in our drinks. We keep our version of this Cocktail true to the original, just the way the inventor, Douglas Ankrah, intended. Cheers Doug!

2

STRAWBERRY DAIQUIRI

WARDOUR STREET
STRAWBERRY DAIQUIRI

A happy mistake. In 1860's Maryland, USA, during a rum-fuelled party an Ice-Cream maker and Strawberry farmer named Christian Zacharias, decided to mix the strawberry puree for his ice-cream with contraband British Navy rum. The increasingly tipsy frolickers not only tested and perfected the smoothest mix of strawberries, rum, and ice, but they also utterly destroyed Mrs. Zacharias' strawberry patch!

It's no mistake that we've crammed the freshest Strawberry puree, Caribbean Rum and Lime Juice into our recyclable pouch, keeping our version of this classic cocktail as real as the original.

3

ESPRESSO MARTINI

OLD COMPTON STREET
ESPRESSO MARTINI

The Espresso Martini. When world famous bartender Dick Bradsell created this incredible cocktail at the Soho Brasserie on Old Compton Street, did he think this would become one of the biggest selling cocktails in the world? *We think he did.*

The only thing artificial about the Espresso Martini would've been the smile he gave people when he heard "this should wake me up" for the 300th time that day.

We've kept it that way. Cold Brew Coffee, triple distilled vodka and our own coffee and caramel liqueur, make our version of this Cocktail as real as the original. *Cheers Dick!*

4

PIÑA COLADA

POLAND STREET
PIÑA COLADA

The story goes that in 1954, bartender Ramón "Monchito" Marrero of the Caribe Hilton in San Juan, created a new cocktail that mixed rum, coconut cream and pineapple juice - and the Piña Colada was born! In 1978, the Piña Colada was declared the official drink of Puerto Rico.

Our version of this classic cocktail combines premium coconut milk with not from concentrate pineapple juice and Caribbean rum.

The outcome is a perfect Piña Colada that is pure holiday in a glass!

LIFTING OUR SPIRITS: *Trends to look out for in 2022*

With all COVID restrictions in the UK about to be lifted and with many hoping of a return back to normality, it offers a prime opportunity for outlets to ramp up their offerings in the hope of going back to pre-COVID trading levels.

.....

With this in mind, we look at the spirits trends we anticipate to make waves across the hospitality sector across 2022 and which spirits are likely to dominate over the next 12 months.

A Taste of the Tropics

With consumers missing that 'holiday' feeling, we're expecting sweet, tropical flavours to continue growing across the spirits sector with people favouring flavours that transport them to the tropics.

One such product was Old J Pineapple, a new SKU from the Old J Spiced Rums range which was released in summer last year. With a refreshing flavour profile, Old J Pineapple sought to tap into the new-found 'rum renaissance' and a new demand for vibrant and exciting flavours which could be used as an exciting base for cocktails or sipped with a simple mixer.

Health and Wellness

With an ever-growing focus on health, wellness and sustainability, we're expecting more fruits and vegetables to be used – not only in the creation of spirits but also as ingredients and garnishes within the glasses.

Consumers, through the pandemic, experimented with fun and playful ingredients to liven up their cocktails and the added nutritional benefit of added fruits and vegetables is a bonus.

Moonshine Vodka has been created with these kind of cocktails in mind. The premium liquid is made with 100% French wheat grain spirit and is an outstanding, contemporary take on the classic concept of Moonshine spirits made during the Prohibition era; acting as an ideal base for a range of classic cocktails such as Bloody Mary, Cosmopolitan and Martini's.

Agnes Arber Gins, too, are created using traditional methods of gin distillation using a convergence of nine studiously sourced botanicals, fruits and clean, pure alcohol. Arber Original, for example, delivers an expected juniper flavour which has been harmoniously balanced with a soft blend of orange, lemon and a hint of liquorice sweetness to finish.

The two other SKU's in the Arber range include a Rhubarb and Pineapple gin variety. Post-distillation, the Arber Original gin is infused with either natural rhubarb juice to create the Arber Rhubarb SKU or flavours of completely natural pineapple and mango to create the Arber Pineapple SKU satisfying the demand for spirits infused with fruits.

The Rum Renaissance

2022 is set to be a huge year for both tequila and rum. As one of the outstanding

stars of the 2020 lockdown, rum has been led by innovations in flavour and varieties of spiced rums.

Flavoured and spiced rums are growing in popularity and during lockdown we saw the sales of these rums overtake white rum for the first time ever, according to the Wine and Spirits Trade Association data.

Following the exponential rise that we saw in gin, a 'rum renaissance' is certainly on the cards for 2022. The gin category growth seems to be slowing as does the hard seltzer category which makes room for unique, innovative spiced and flavoured rums.

The range of Old J Spiced Rums includes 7 SKUs of spiced rums including Old J Spiced, Old J Cherry, Old J Silver, Old J Pineapple, Old J Gold, Old J Dark and Old J Tiki Fire.

The diversity of rum continues to lead the way with consumers with people eager

to try out different expressions; from white rums, spiced rums and dark rums as well as aged rums and rums hailing from different countries around the world.

New Be-Gin-nings?

We expect gin to remain popular through 2022 but what we're seeing is consumers more eager to step away from a classic gin and tonic and experiment with flavours and cocktail creations using gin as a base.

Agnes Arber Pineapple gin, for example, was created as a beautifully bold expression to satisfy the growing interest in gin cocktails such as daiquiris and gin sours.

With very few pineapple flavoured gins on the market and the majority of them existing at only a liqueur-level ABV, Arber Pineapple provides an opportunity to cut through the flavoured gin noise and recruit even more drinkers to the category.

Edelweiss pairs beautifully with skewered shrimps

SPOTLIGHT ON: Edelweiss Beer

Edelweiss – a traditional Austrian ‘weissbier’ – is brewed and bottled in Brau Union, Austria. Handed down by the master brewers of Kaltenhausen, a brewery near Salzburg, Edelweiss golden wheat beer is still brewed today as it was in 1646.

Kaltenhausen is located in the middle of the Alps and is a small, idyllic district of the town of Hallein, in the region of Tennengau. It is in the middle of the Alps, at the foot of the two rock towers, the Barmsteine.

The brewery itself has a brewing tradition of more than 500 years. On top of being the oldest brewery in the state of Salzburg, Hofbräu Kaltenhausen is also the oldest wheat beer brewery in Austria. With 350 years of wheat beer experience, it outdates most Bavarian Weisser beer breweries.

The wheat beer tradition was reborn in 1986 when Edelweiss Wheat was created. Fast forward to today and it's still based on the same original and all-natural recipe.

Refreshingly fruity and aromatic in flavour with noticeable banana undertones, Edelweiss' unique taste is obtained from its top fermented brewing process and carefully

curated combination of ingredients; pure alpine water, wheat malt, barley malt, hops and top fermented yeast.

The final addition of mountain herbs and spices (sage, coriander and elderflower) adds a unique fruitiness and refreshing taste.

Edelweiss: A Perfect Partner for Food

With both sweet and spicy notes, wheat beers are great at cutting through dishes with herbs, spices and fresh vegetables.

Ideal for seafood salads such as lobster or crab salads, smoked seafood dishes such as smoked salmon or skewered shrimp and also perfectly placed to go alongside dishes such as lemon risotto.

Wheat beers are also fantastic partners for a Bavarian brunch including weisswurst (a pale German sausage), cheese dip and pickled gherkins.

BIRRA MURANO

Clean yet crisp with a refreshing bitterness and hint of citrus, Birra Murano brings together all the hallmarks of a traditional Italian pilsner, meticulously brewed using only five simple ingredients. The zesty subtle hint of citrus takes inspiration from the sun-drenched coastline of Murano whilst the mouth-watering, unmistakable malt flavouring adds a fine flavour and balance.

DORTMUNDER UNION PILS
 A pale pils-like brew, this is the signature of master brewer Fritz Brinkhoff. The same classic pilsner recipe created in 1887 is still used today, brewed to strict German purity laws with Hallertau hops which give a perfect, classic bitter balance to the sweet, malty undertones.

DORTMUNDER VIER
 A genuine imported German pilsner, Dortmund Vier is a premium beer and one of the finest 4% beers in the UK. It is brewed to strict German purity laws which dictate that only water, wheat and hops are used.

APPLESHED ORIGINAL

Appleshed is a smooth cider that has a complex taste journey. With a single-apple flavour, it is slightly tart and sour. It's the blend of the bittersweet cider apples, grown and pressed in Herefordshire, that gives Appleshed Original its unique, thirst-quenching taste.

APPLESHED DARK FRUITS

There are lots of berry-flavoured ciders on the market, but we wanted to create something different: a drink that would meet our consumers' demands for refreshment while delivering a moreish, fruity taste that leaves them wanting more.
