LA FRENCH VODKA

PROVENANCE

La French is born from a passion for the finest cocktails and classic French style. France has one of the most respected vodka production techniques in the world, and produces some of the most elegant vodka. The iconic La French Lady, silhouetted on every bottle, is inspired by true events that took place across France and New York in the 1920s. Maintaining an air of mystery, our La French Lady is a woman who travelled between Marseille and New York and helped an American speakeasy owner to import vodka into prohibition-era New York. The La French Lady embodies sophistication simultaneously with contemporary style. The bottle's subtle blue hues and the inclusion of the Tricolour reaffirm the character of the vodka and demonstrate the spirit's French roots.

PROFILE

Collaborating with Master Distillers and Consultants, it took time, precision and patience to create the truly unique liquid of La French. Manufacturing takes place in France, and all ingredients are local to the country: a delicious blend of crystal-clear Cognac spring water and the finest French wheat, five-times distilled, with naturally occurring citrus and vanilla undertones which provide a delicate flavour profile and luxurious mouthfeel. Perfect in a cocktail with a high-quality mixer, or simply taken straight, La French elevates the ordinary to extraordinary.

ARBER GIN

PROVENANCE

On 24 May 1948, Agnes Arber became the first woman to receive the Gold Medal of the Linnean Society, a world-famous institution dedicated to the study of natural history. Born in 1879, Arber achieved excellent academic results throughout her youth, and soon became a historian of botany under the wing of her mentor, plant morphologist Ethel Sargent. By the time of her death in 1960, Arber had published an extensive library of books on both botany and philosophy. It is with an appreciation for Arber's work that we have produced this convergence of nine botanicals distilled together.

PROFILES

AGNES ARBER GIN - ABV : 41.6% - Size: 70cl / 5cl

A convergence of nine botanicals distilled together. The savoury, earthy notes of juniper, coriander and angelica are complemented by the warm, spicy undertones of cassia. Lemon, orange and grapefruit add citric sweetness and acidity, while woody orris root and liquorice add depth and texture.

ARBER RHUBARB GIN - ABV : 41.6% - Size: 70cl / 5cl

A delightful twist on our original Agnes Arber gin. After distillation, this gin is infused with the delicious signature tartness of rhubarb, one more in a beautifully balanced array of skilfully selected flavours.

PREMIUM SPIRITS, LIQUEURS & MIXERS

PROVENANCE

Inspired by the beautiful tea service at the iconic Fairmont Empress Hotel, Vancouver Island, Canada. Victoria Distillers created Empress 1908, a gin as captivating as the beautiful tea service.

So great was the Empress Hotel's fame that its signature tea house attracted travellers from all corners of the globe to come and sip their extraordinary elixir.

PROFILE

Handcrafted by Victoria Distillers, Empress 1908 Indigo Gin marries crystalline Canadian waters with eight organic botanicals: juniper, rose, coriander seed, grapefruit peel, ginger root, cinnamon bark and the Fairmont Empress tea blend. Its trademark hue is imbued by the infusion of butterfly pea blossoms.

Empress 1908's motto is to 'live colourfully', and it certainly does this: with the addition of citrus or tonic, Empress 1908 is transformed from its breathtaking indigo to a soft pink.

This results in a delightful gin with the floral notes of juniper and rose, punchy coriander, grapefruit, and earthy tea notes.

RUBICA TONIC WATER

PROVENANCE

Blind-taste tested over a six-month period and specifically formulated to enhance the enjoyment of premium gins, both variations of Rubica Tonic Water are made in small batches at an independent UK-based bottling company. The name “Rubica” is inspired by Rubiaceae, the taxonomical name of the cinchona tree from which quinine, the principal ingredient of tonic water, is extracted.

RUBICA TONIC WATER - Size: 200ml Bottle

Rubica Tonic Water is light on quinine bitterness and balanced by hints of citrus, allowing it to pair exceptionally well with the extensive range of unusual botanical and fruit-led gins popular in today’s premium gin category.

RUBICA LOW CALORIE TONIC WATER - Size: 200ml Bottle

Rubica Low Calorie Tonic Water maintains the light, citrusy flavour of the original version, while also offering the benefit of being better for you – the perfect option for today’s increasingly health-conscious consumer base.

DORTMUNDER UNION

PROVENANCE

In 1887, a fateful mistake in the Dortmunder Union brewery resulted in a brew of nothing but pale malt. When accidentally shipped to a customer, the light-gold product proved a sensational success. Thus was born a new Dortmunder beer.

DORTMUNDER UNION PILS ABV: 4.8% - Size: 50LTR

A pale pils-like brew, this is the signature of master brewer Fritz Brinkhoff. The same classic pilsner recipe created in 1887 is still used today, brewed to strict German purity laws with Hallertau hops which give a perfect, classic bitter balance to the sweet, malty undertones.

DORTMUNDER UNION VIER ABV: 4.0% - Size: 50LTR

A genuine imported German pilsner, Dortmunder, in our opinion, is the best-quality 4% pint in the UK. It is brewed to strict German purity laws which dictate that only water, wheat and hops are used. A pale lager with key influences from Pilsner, gold in colour with a moderate bitterness from the Noble hops, Dortmunder Vier has a lean body, full of character with a beautiful, crisp finish.

CERVEZA PILSEN - ABV : 4.8% - Size: 30LTR / 330ml Bottle

Cruzcampo has a light, fruity aroma with an air of ripe apple which stands out over its balanced flavour of malty sweetness and soft bitterness. Its light body provides a pleasant mouthfeel which satisfies the palate and makes way for a compelling, bittersweet finish.

GRAN RESERVA - ABV : 6.4% - Size: 330ml Bottle

This malty amber-coloured lager tastes of dried nuts, caramel and traces of liquorice, producing the long and moderately bitter taste Cruzcampo is known for.

PARDÁL CZECH LAGER

PROVENANCE

Pardál is brewed using the soft water from Budvar's 10,000-year-old well. The renowned brewery, with a view to breaking the mould of typical Czech lager, formed a panel of three hundred consumers to define the character of the beer as well as the values of the brand.

'Pardál' translates to 'panther', representing the strong-minded, individualistic consumers to whom this beer is tailored. It is also slang in Czech for drinking buddy, so Pardál must not be drunk alone!

PROFILE

Pardál takes 11 days to brew which is significantly longer than most lagers. Then it undergoes a 30 day maturation process making it an easy-drinking lager with a full mouthfeel and a bitter but well-balanced taste. Pardál is unique, with a sessionable ABV of 3.8%, but more flavour than many 4 or 5% beers.

BIRRA MORENA

The Drive Beer Brewery is one of only a handful of wholly owned, independent breweries left in Italy and is located in Basilicata, a rural region found to the south of the country. The beauty of Basilicata inspired a beer to be savoured based on a recipe that only ever uses pure malted barley.

Morena remains a 100% malt lager, still entirely produced in Basilicata and imported to the UK by Signature Brands.

CLASSICA - ABV : 4.6% - Size: 330ml / 660ml Bottle

Classica offers a refined, refreshing variation of the original Birra Morena, finely hopped and made with the highest quality of Italian grains. The palate is well structured with malty notes and an elegantly balanced taste.

CELTICA STOUT - ABV : 6.8% - Size: 330ml Bottle

Celtica Stout is a product of the study of ancient recipes: reflecting the old English sweet-stout style, this dark, bittersweet Italian beer features a pleasant body which treats the palate to hints of the caramel with which it was brewed.

ORO BOTTLE - ABV : 5.2% - Size: 330ml Bottle

Oro is a 100% pure malt lager, made especially for the most demanding palates with strong notes of barley, vanilla and cloves, and a warming, sunrise-gold colour. Only the best super-aromatic hops are used to produce Morena's crisp, refreshing flavour.

ORO DRAUGHT - ABV : 4.6% - Size: 30 / 50 LTR

The great Oro liquid as described above has been reduced in ABV to a more sessionable 4.6% ABV. The reduction in ABV does not compromise on the taste and quality but does offer a lighter and more refreshing expression of this 100% pure malt lager.
