

# VINO GAZETTE

Welcome to the February issue of The Vino Gazette.

We have 2 great new wines to welcome to the LWC Wine Merchants & Shippers family.

Firstly, introducing **Equino Malbec** from Argentina...

Deep red in the glass; rich in the tastes of wild berries and fresh-picked red grapes. Fruity, smooth and well-balanced wine.

## Te Papa Pinot Noir

A **great New Zealand Pinot Noir** to pair with our great Te Papa Sauvignon Blanc.

This is a lively young pinot. Bright, ripe and fragrant, the inviting bouquet shows dark plum, blueberry, raspberry and floral characters with subtle spicy complexity. The palate is fruited and rounded, and offers strong fruit richness and intensity, supporting a silky texture and fine tannins. Perfect for drinking now or over the next four years.

## A Day in the Life

### Introducing Carl Burdett, our WDM in Cornwall

“Having only recently joined LWC as a Wine Development Manager, one thing I've learnt is that no two days are the same.

Meeting potential and existing customers is my favourite part of the role and hopefully this is where my passion for all things wine comes into its own.”

My favourites:

**Equino Malbec** – Argentina. This is a great everyday drinking Malbec, full of those stewed fruit flavours and a lingering finish. Obviously it's perfect with all things meaty but I can quite happily sup this before, during or after my food!

**Valle de Oron Verdejo** – Rueda, Spain. I'm a big fan of dry Spanish whites and this one really hits the spot. Doing wine lists for restaurants all along the Cornish Coastline we need interesting wines that match fresh seafood; the citrus and mineral style of this Verdejo is the ideal partner for the catch of the day.

## Did You Know...?

*There has never been more interest in wines from across the globe, as evidenced by growth from the likes of **Britain and Romania**, and this is reflected clearly in consumer preference. It makes it clear that country and varietal style **do matter**. (CGA )*

Try our great new range **Creamele Recas** from Romania, Pinot Grigio and Pinot Noir  
See page 85 of our Wine Portfolio for more details.
