Set amongst the rolling hills of East Sussex, Lakedown Brewing Co. is brewed from Sussex spring water drawn from under the 700 acre farm the brewery is set in and is powered by solar energy..

Owned by Roger Daltrey and his family, the brewery was established on a small scale in 2020, but after a demand quickly outstripped supply, went into full production, on a cutting edge, modern brewhouse in 2023.

Their 'no compromise' style of brewing has seen them quickly establish themselves as a key player in the craft beer sector and ambassadors of fantastic cask beer.

Gun Brewery can be found on Gun Hill, in the heart of the East Sussex countryside. Founded in 2015, our aim is simple: Inspired by brewing styles old and new, to make great beer, using the best ingredients. All our beers are brewed using our own spring water, drawn from deep below the wildflower meadows here on the farm. Most are vegan and many are also gluten free. Having won multiple Great Taste Awards over the years, in 2021 the Guild of Fine Foods awarded us the coveted Great Taste Producer status.

Brad

Gazz

Brad and Gazz started brewing beer in Brad's Dad's garage. Their early goal was simple - creating unique and exciting beers that they would want to drink themselves. Their passion turned into a business when they officially launched Tiny Rebel in 2012. The name "Tiny Rebel" symbolises their rebellious spirit and the "tiny"

scale of the brewery when they took their first steps. The success of their very first beers allowed them to expand from their garage setup to a bespoke brewing facility in Newport. Not so tiny. Award-winning red ale Cwtch was Tiny Rebel's first major success and it's just as popular today.
